Mr Steven H Gunderson
Rocky Flats Cleanup Agreement Project Coordinator
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, CO 80222-1530

Dear Mr. Gunderson

Please find enclosed the Pre-demolition Survey Report for Buildings 662 and 663. It is submitted for information, but comments are welcome. The buildings are type one, but the slabs on which the buildings sit have some low levels of contamination so as to require disposal as low level waste. It is the Rocky Flats Environmental Technology Site's intention to proceed with demolition 10 days from the date of this memorandum. Questions can be directed to Steve Tower at (303) 966-2133.

Sincerely,

Joseph A. Legare
Assistant Manager
for Environment and Stewardship

**TRANSMITTAL OF THE BUILDING 662 AND 663 PRE-DEMOLITION SURVEY REPORT
(PDSR) - DWF-055-02**

Provided for your review and approval is the enclosed subject report for Buildings 662 and 663. This report characterizes the physical, chemical and radiological hazards associated with these facilities, summarizes the characterization activities, defines the Data Quality Objectives developed for this characterization, and presents the data quality assessment, verification and validation of results.

Based upon this PDSR and subject to concurrence by the CDPHE, Buildings 662 and 663 are considered to be RFCA Type 1 facilities pursuant to the RFETS Decommissioning Program Plan (DPP, K-H, 1999). The concrete slabs of both of these buildings will be managed as low level waste during demolition.

Please notify Kaiser-Hill when you transmit this document to CDPHE. If you have any questions, do not hesitate to call me or Duane Parsons at extension 6458.
